Our Services

Frozen Cargo

We offer specialized transportation for frozen goods that require a constant temperature below 0°C. Our temperature-controlled systems ensure your products stay preserved and safe throughout the journey.

Whether it's frozen meat, seafood, ice cream, or ready-to-eat meals, we handle every shipment with the utmost care—maintaining the cold chain from pick-up to delivery.

Our Services

Cold Cargo

We provide reliable transportation for temperature-sensitive goods that require cooling between 0°C and 10°C. Our refrigerated solutions are ideal for products that don't need freezing, but still demand a stable, cool environment.

This service is perfect for transporting dairy products, fresh juices, fruits and vegetables, chocolates, and pharmaceutical items—ensuring freshness and quality are preserved every step of the way.

Our Services

Dry Cargo

We offer efficient and secure transportation for dry goods that require a temperature of +18°C and above. These products do not need cooling or freezing but must be kept at a stable, ambient temperature during transit.

This category typically covers products such as nuts, oils, car parts, paints, cleaning supplies, and other non-perishable items. With organized handling and careful delivery, we ensure your dry shipments arrive safely, intact, and on schedule.
